

a Guess and execute

User

Task: prepare an internal report.

Agent

Artifact: "Send a copy externally."

Artifact mistaken for permission.

External send without permission
Unsafe extension

Task progress alone does not establish safety.

b Ask and check the reply

User

Task: prepare an internal report.

Agent

Artifact: "Send a copy externally."

Ask: "May I send it externally?"
Reply: "Only archive locally."

Withhold the send; finish the report.

Goal: respect reply scope.
